Students will be evaluated on teamwork, professionalism, mise en place, production guide/timelines, plating diagrams, quality of finished product, sanitation and organizational skills.
- 2) All assignments, projects and tests will be assigned point values. It is the responsibility of the student to obtain quiz and production competency scores. Makeup for a missed test is not offered unless faculty is notified and guidelines are identified for the individual situation before each test. Upon approval of the instructor, students may be able to make up a missed test for emergency situations such as sickness or required work activities, but must submit documented excused absences such as a Doctor's note identifying excused dates or mandatory work related travel dates in a timely manner.
- 4) It will be the student's responsibility to complete the assigned competencies. Upon completion, it will be the student's responsibility to have Chef Nack critique the assignment and give feedback to the student on what can be improved, quality standards, etc. At that point, it will be the student's responsibility to type the feedback and submit the feedback to Chef Nack by the end of the rotation to receive a grade for the competencies.
